काराकुल टोपी की दुःखद वापसी

रare success for animal rights

By Nirupama Sarma

BOHMA May 33

The Indian chapter of Beauty Without Cruelty (BWC) is an international organisation that promote animal life from being abused for purposes of vanity. The group has recently succeeded in getting the slaughter of Karakul lambs banned.

While there are no reports of furs, sheepskin and monkeys being harmed by the Indian Government, it seems there is some confusion in the reports. The BWC and the Indian Government are both involved in the process of regulating the supply of Karakul lambs.

In 1989, 250 Karakul sheep, 300 lambs for the use in the production of furs, went to India. The number of lambs was reported to be 15. It is not clear whether these lambs were used for furs or for the production of meat.

The BWC has also worked with the Animal Rahat to promote the welfare of furs and the working conditions of the workers involved in the production of furs.

BWC prevented the slaughter of Karakul lambs to stop

BOMBAY, April 11

A major victory for the Animal Rahat, the Beauty Without Cruelty (BWC), has been achieved. The Indian Government has stopped the import of Karakul lambs from the United States.

The BWC has been working with Animal Rahat to make sure that the lambs are not used for fur and that the animals are treated humanely.

BWC leaders said that this is a major victory for animal rights and that they are pleased with the Indian Government’s decision.

BWC leader, Mr. Prashant, said, “We are happy with the Indian Government’s decision. We have been working for this for a long time and it is a victory for us.”

The BWC and Animal Rahat have been working together to promote the welfare of animals and to stop the import of furs and other animal products.

The BWC has also worked with the Animal Rahat to promote the welfare of furs and the working conditions of the workers involved in the production of furs.

बाल-बाल बचे

काराकुल मेमनों को अब भारत में जम्मू लेने के 45 घंटों के अंदर ही बीते के मुह में नहीं जाना पड़ेगा। प्राणी-जिवितकोरों की रक्षा के अभाव में जुटी हुई अंतर्राष्ट्रीय संस्था ब्यूटी विधाउट कूएटी के प्रशस्त दुर्गा दी सोशियल मीडिया के साथ लोगों की सहभागीता के लिए कदम उठाने का संबंध किया गया था।

भारतीय कृषि अनुसंधान आयोग (प्राणी विज्ञान) के उप महाप्रबंधक ऊ. न. सरस्वती ने ब्यूटी विधाउट कूएटी की लिखित रूप से उल्लेख किया है कि केंद्रीय कृषि मंत्री हेमन्त सोरेंद्र नान्दलाल की ब्यूटी विधाउट कूएटी के द्वारा दिये गए अनेक प्रतिवेदनों के आधार पर काराकुल मेमनों का धोखा करने का प्रयास किया गया है।

बुधक में उपरोक्त योजना को सदा के लिए स्थायी किया जा सकता था, इसलिए भारतीय कृषि अनुसंधान आयोग की एक इकाई केंद्रीय बेड व उन अनुसंधान संस्थान के कार्यालय के क्षेत्र में काराकुल मेमनों का रखरखाव उन्मादन विवादों के कमांडो में पल रहे, काराकुल मेमनों के पूरे रेवाज का आयात ही में नीलाम कर दिया। बुधक ब्यूटी विधाउट कूएटी की यह इच्छा थी कि वह रेवाज व्यावसायिक पशुपालन के हाथ में न जाये इसलिए उन्हें ज्ञान दी। व्यूटी ने बढ़ाई लिया। 52 नवजात मेमनों सहित कुल नव बेड 250 भेड़ों अवलोकन के बाद बूढ़े अवलोकन को एक पशुपालन के उद्देश्य से पुनर्निर्मित हैं। भारतीय ट्रेड अव बीनिस्तार ने उनकी देखभाल कर दी।

1995 में हुई भारत—सीवियत संधि के अंतर्गत भारत- क. अ. कृषि मंत्रालय के अधीन 250 काराकुल भेड़ों प्राप्त हुई थी। पिछले कई सालों में भारत- अ. एंग्रिनिया के उन्हें समझौता करने की क्षमा बढ़ी गयी और 2002 तक 45 घंटों की बीच हजारों मेमनों का धोखा किया गया।

काराकुल मेमनों की बाल की कोशिश उसके रोए-के-पूर्वस्थापन पर निर्भर होती है। जम्मू कश्मीर के बाद मेमनों के रोए सूची हो गई है। कृषि विकास मंत्रालय ने मांग की कि उनके भाग्य के लिए 25 घंटों तक अपनी मां का ध्यान पकड़ने की चुनौती देते थे। बहुत भी इससे कि इससे उनकी मां के बालों में धुआं उतरते सब और मां भेड़ों का स्वास्थ्य की चिंता के लिए मात्र युक्त हो सकती। भारत में ही फिर ये मादा भेड़ें अगले 4-5 दिनों तक आपने प्राप्त सस्त्री मेमनों के लिए शिकार कर रहे हैं।

काराकुल भेड़ों की भारतीय प्राणी नहीं है। वह ही हमसे बाल से बनी टोपी की कीमत पहनना भारतीय परम्पराहै। परंतु भारत सरकार ने निर्धारित में होने आया बाल की जड़ से इसके बाल के बारे में अनुसंधान प्राप्त किया।

इसकी रूपिकरण स्थल 1992 में ब्यूटी विधाउट कूएटी के हर संस्थान बैर अनुसंधान को वजन रखने के लिए ब्रॉडल नामक हस्ताक्षर जमा करने का अभियान छोड़ दिया। इसके उपरोक्त में सरकार ने कहा कि इस योजना का महत्त्व देखते हुए अनुसंधान पर रोक लगाना सच्ची नहीं है।

इसके बाद ब्यूटी विधाउट कूएटी के अनुसार रखने वाले जम्मू संस्थानों ने राजस्थान वाणिज्यिक समिति को एक याचिका दी जिससे वह अनुसंधान ग्राही की विवादों के संबंध में जाना जा रहा है। बीजेस्ट्रेस देखा विशेषक ने राजस्थान के अनुभाग वाणिज्यिक समिति की उपलब्धि से बैर अनुसंधान को पूरी तरह से समय देखा। राजस्थान के अनुभाग समिति को नेतृत्व इस विषय में हुआ विवाद की गर्वन्त हार हो गई।

के. बो. वाणिज्यिक संस्थान के वीजाल की अनुमान काराकुल जाल के और वर्तमान स्वास्थ्य मेमनों के में सेवाएं के में संकर भेड़ों पैदा करने उन्हें मारकर उनकी बाल उतारने का विचार था। प्रेम में इस अनुसंधान का लाभ था निर्णय बाजार में अपनी भारतीय बैर में इसी का मैत्री पूर्वरीत करने वाले विवाद किया गया। इसकी भी अगस्त 2015 ब्यूटी विधाउट कूएटी के विचार से रखा उत्तर और वे एक जनता का हासिल हुआ।
